José Arturo Lemus Ortiz

(914) 575-7469 · jose.lemus@tufts.edu · https://github.com/jlemus1234

EDUCATION	**Tufts University**, Medford, MA Bachelor of Science in Computer Science GPA: 3.30, Dean's List, Questbridge Scholar
SKILLS	**Programming Languages:** C, Python, JavaScript, SQL, HTML, CSS **Frameworks, APIs:** React, Express **Related software:** Git, MongoDB, PostgreSQL

PROJECTS

Distributed Hash Table
- Wrote a C program that creates a decentralized, distributed system used to upload and download data to nodes using SHA1 hashes as keys, and TCP for transfers

Inactivity and Slouching Detector
- Built an IoT device that monitors the time a user spends sitting and slouching
- Created a website that plots the recorded data using Google Charts

Port Scan and Password Detector
- Wrote a python script that detects ongoing port scans and passwords sent in cleartext using the pcapy module, and scapy

Music Guessing Game
- Created a website for guessing song names using Spotify and Facebook APIs, and worked on the backend storing user data on a MongoDB instance.

EXPERIENCE

Lemus Painting, Mamaroneck, NY   Summer 2011-Current
Assistant
- Wrote invoices, schedules on-site work, and served as a Spanish-English translator
- Removed wallpaper and prepared rooms for painting
